ABOUT US

The Leading Molding Brand in North America!

Versatrim is an award-winning leader in the flooring industry, located outside of Raleigh, NC., that manufactures, sells, and distributes a complete line of custom coordinated floor moldings and trims for laminate and vinyl flooring.

Our innovative approach to molding solutions, and its ability to coordinate with most of the top colors in the vinyl, luxury vinyl tile, wood plastic vinyl, and laminate flooring industry, has guided us to the forefront as a leading manufacturer of floor moldings.

In addition to our core products, we have unique offerings that include flexible moldings, stair solutions, adhesive and a variety of accessories to help complete your flooring projects.

We've proudly been serving our customers for over 25 years. For additional information on our products and services please visit www.versatrim.com.

HOW TO ORDER

To Place an Order With Versatrim, please complete the following steps:

- Visit <http://versatrim.com/how-to-order>
- **Complete the 2 forms to establish your credit terms:**
 1. **Credit Application** – We also accept all major credit cards and certified checks in the event that you choose not to have open credit terms with us.
 2. **Company Contact Form** – This form will enable us to correctly identify your company, to expedite your orders and avoid mistakes.

Place Your Order 1 of 4 Ways:

- **Order Online** at versatrim.com and register for a personal account or business account by selecting the option on the top tool bar and follow the steps.
- **Fax in a Completed Order Form** – Go to versatrim.com/how-to-order, download an order form and fax completed form to 252.430.8801 or email it to orders@versatrim.com
- **Fax or Email Your Purchase Order from Your System** – Fax your PO to 252.430.8801 or email your PO to orders@versatrim.com
- **Call Us** – Contact Customer Service by calling **1.866.200.8132**, option 2

Return Policy:

All returns are subject to approval. Call your sales representatives for details.

How to Order

VERSATRIM GUARANTEE

If we don't ship on time, your next order ships free!

The guarantee is simple: if an order is not shipped on the confirmed ship date, based on our standard lead times, the customer will receive free shipping on their next order of equal or lesser value. This guarantee applies to all orders placed with Versatrim, regardless of size or quantity.

Terms and Conditions:

- Our guarantee will be null and void upon a force majeure due to unforeseen circumstances beyond our control such as a natural disaster (i.e. earthquake, hurricane, flood, other). During such an event, we may be unable to fulfill orders or contractual obligations due to uncontrollable circumstances caused by the natural disaster, especially if hours of operations or suppliers are impacted. We will do our best to inform our customers of any delays in the delivery of our products and services. We remain committed to resolving any issues as quickly as possible.
- On time defined as the estimated ship date on our order confirmation sent to our customers.
- Free shipping & handling credit expires 30 days from the original order shipment date.
- The order that receives free shipping & handling must be equal to or less than the value of the order that shipped late.
- Must use the same shipping method as the original order.
- Standard lead times apply. Anything ordered after noon ET will ship next business day.
- Orders that go on credit hold do not apply.
- Does not apply to LTL shipments or customer pick-ups.
- Holidays & weekends do not count as operational days and can not be included in the lead time commitment.

Guarantee

WARRANTY

We Offer a Limited Lifetime Warranty on ALL of Our Moldings

Limited Lifetime Warranty for Laminate Moldings:

Versatrim provides the following conditional limited warranty of its moldings for the lifetime of the original purchaser:

- The laminate surface will not wear through
- The molding will not stain
- The molding will resist damage from moisture due to damp-mopping and small everyday spills when removed promptly

Warranty

If we don't ship on time, your next order ships free! Guaranteed.

MOLDING PROGRAM OPTIONS

We have a molding program to fit your needs! Talk to your Sales Representative for more Information!

Stocking Inventory Program

Low inventory stock program provides flooring companies the ability to save money on volume purchases and to stock their best selling skus. Low minimum purchase of 30 pc color/profile. We have partnered with many flooring companies and popular brands over the years and are a valuable resource for them. To learn more about our Coordinating Molding Program and explore the wide range of options available, scan the QR code provided at the top of the page.

Quick Ship Program

Includes 7 trim profiles all ready to ship next business day with no minimums This program offers our lowest price point, and we provide on-line installation instruction, saving you both time and money. Our goal is to make sure you get a high-quality product at a reasonable price in a quick production time. Scan the QR code at the top of the page for additional detail and color options available.

Coordinating Molding Program (CMP)

If you don't see a color in our Standard Stock colors or on our website that match your floor, don't stress we have your solution! We have partnered with many flooring companies and popular brands over the years and are a valuable resource for them. Just send us the floor and we will create a custom color to coordinate with your moldings.

To learn more about our Coordinating Molding Program and explore the wide range of options available, talk to your Sales Representative or fill out a quick form by scanning the QR code at the top of the page to get started today!

Versatrim offers a limited number of free marketing materials and samples for all retailers, distributors, and manufacturers.

Go to <http://versatrim.com/free-samples> more information on these options.

For all program options, please send your floors to our print department at the below address:

Versatrim, LLC
Attn: Print Department
101 Eastern Minerals Road
Henderson, NC 27537
USA

Please contact your Versatrim Sales Representative for more details on any programs to accommodate all of your molding needs.

Order online at **versatrim.com** or call **1.866.200.8132**

Send Us Your Floor and We Will Create A Coordinating Trim. No Minimums! No Inventory!

TRANSITIONS:

Reducer – Available in both Standard and Moisture-Proof options!

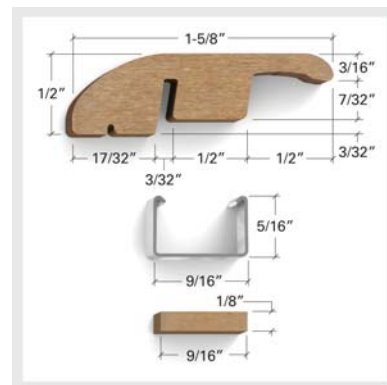

Reducers are used to transition between floors of different heights with a minimum height difference of 1/4" (6.35 mm).

Surface Material: High Wear Resistant Aluminum Oxide Laminate

Core Material: Our standard reducer molding is made of moisture-resistant MDF, while our Moisture-Proof variety is an exterior grade composite wood product.

Length: 94" Long

Floor Thickness*	Accessories Needed	Hardware Included
9/32"-15/32" (7-12 mm)	Versatrack-Sold Separately	None
15/32"-5/8" (12-16 mm)	Versatrack & Shim-Sold Separately	None

T-Molding – Available in both Standard and Moisture-Proof options!

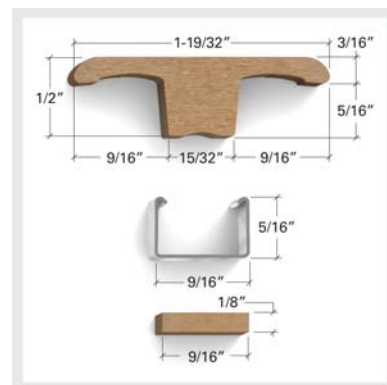

T-Moldings are commonly used in doorways to join two floors in adjoining rooms. Also recommended when making a transition from one floor to another that is approximately the same height.

Surface Material: High Wear Resistant Aluminum Oxide Laminate

Core Material: Our standard floor transition molding is made of moisture-resistant MDF, while our Moisture-Proof variety is an exterior grade composite wood product.

Length: 94" Long

Floor Thickness*	Accessories Needed	Hardware Included
5/16" (8 mm)	No Track or Shims (Glue Down)	None
23/64"-15/32" (9-12 mm)	Versatrack-Sold Separately	None
15/32"-19/32" (12-16 mm)	Versatrack & Shim-Sold Separately	None
19/32"-45/64" (15-18 mm)	Versatrack & 2 Shims-Sold Separately	None

End Cap – Available in both Standard and Moisture-Proof options!

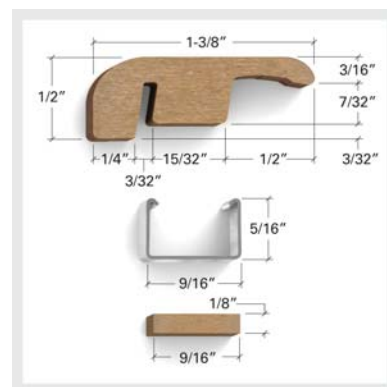

End Caps are used to transition from flooring to carpet, masonry (fireplaces), sliding doors and other exterior door jams.

Surface Material: High-Wear Resistant Aluminum Oxide Laminate

Core Material: Our standard flooring end cap is made of moisture-resistant MDF, while our Moisture-Proof variety is an exterior grade composite wood product.

Length: 94" Long

Floor Thickness*	Accessories Needed	Hardware Included
9/32"-15/32" (7-12 mm)	Versatrack-Sold Separately	None
15/32"-5/8" (12-16 mm)	Versatrack & Shim-Sold Separately	None

OUR MOLDINGS ARE AVAILABLE AS WATERPROOF!

Information About Our Moisture Proof Material

- The core material is not considered 100% water proof. However, it is moisture, rot, and termite resistant.
- It is treated with zinc borate and manufactured with phenolic resins.
- It has no added urea formaldehyde.
- It is made using sustainable materials and contributes to industry green building programs.
- Caliper swell when saturated in water improves 1-1/2 to 5 times comparing our moisture proof core material to moisture resistant grade and typical MDF.
- In comparison to MDF in internal bucket testing, our moisture proof material exhibited substantially smaller edge cracks after exposure and air drying than typical MDF.

*All references to flooring thickness refer to the total thickness of all components of the floor installation being laid upon the subfloor. This typically is comprised of the flooring plank, e.g. Vinyl or Laminate, the underlayment, either attached or loose lay and any additional vapor barriers.

SlimTrim (3-in-1 Floor Molding)

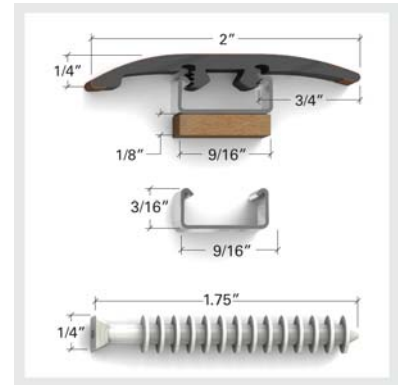

Our SlimTrim 3-in-1 Molding functions as a Reducer, T-Molding, and End Cap. It comes with SlimTrack & Versatrack Shim for floors up to 1/4" (6.35 mm) or dowels for floors up to 3/4" (19 mm).

Surface Material: High-Wear Resistant Aluminum Oxide Laminate

Core Material: PVC

Length: 94" Long

Floor Thickness*	Packaging Option Needed	Hardware Included
Under 1/8" (3 mm)	SLT-P33	No Hardware Included
Up to 1/4" (6.35 mm)	SLT-P29	Track & Shim
As a T-Molding: 1/4"-3/8" (6.35-9.5 mm)	SLT-P54	Track & 2 Shims
Up to 3/4" (19 mm)	SLT-P32	1 Tree of 8 Dowels
Up to 3/4" (19 mm)	SLT-P31	Track, Shim, & Dowels

SlimCap (PVC End Cap)

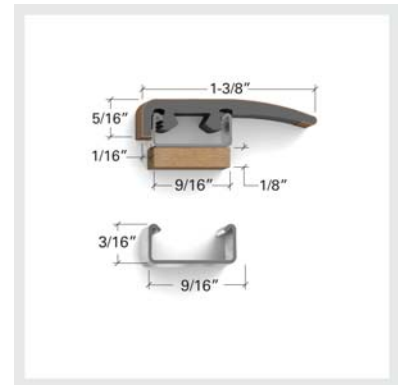

Low profile End Cap for floors up to 1/2" (12.7 mm).

Surface Material: High-Wear Resistant Aluminum Oxide Laminate

Core Material: PVC

Length: 94" Long

Floor Thickness*	Packaging Option Needed	Hardware Included
Up to 3/8" (9.5 mm)	SCAP-P29	Track & Shim
3/8"-1/2" (9.5-12.7 mm)	SCAP-P54	Track & 2 Shims

SlimTrim and SlimCap are available with an AC-5 rating. Please inquire with your Sales Representative for more details.

**Focus on

Accessories

ACCESSORIES for Transition Moldings:

Dowel Tree

To be used with SlimTrim for floors up to 3/4" (19 mm)*. Comes as a tree of 8 dowels. One tree covers one 94" long Slim Trim molding with each dowel spaced approximately 12" apart and 1" from each end.

Material: High Density Polyethylene

Included with SlimTrim-P32

FOR USE WITH:

- SlimTrim

SlimTrack

At Versatrim, we designed our SlimTrack to perfectly fit our SlimTrim and SlimCap solutions, so you can have the same molding on thin floors up to 1/8" (3 mm) in thickness, as you would any other floor. To be used in conjunction with the Versatrack Shim with thicknesses of 1/8" (3 mm) to 1/4" (6.35 mm).

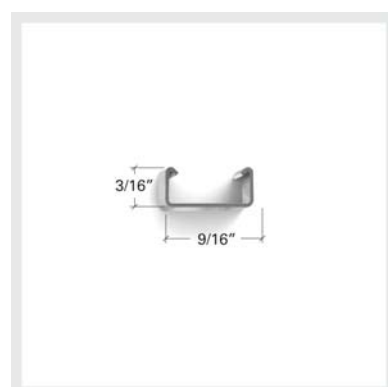

Material: Cold Roll Steel

Length: 94" Long

Included with SlimTrim-P29 and SlimTrim-P54

FOR USE WITH:

- SlimTrim
- SlimCap

Versatrack (Metal Track)

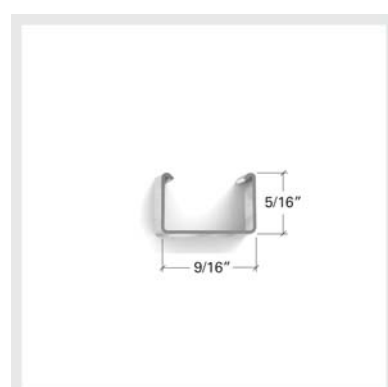

To be used with T-Molding for floors from 23/64"-15/32" (9-12 mm)** thickness and Reducer & End Cap for floors from 9/32"-15/32" (7-12 mm)** thickness. Can also be used with T-Molding in conjunction with the Versatrack shim for floors from 15/32"-45/64" (12-18 mm)** thickness and with Reducer & End Cap in conjunction with the Versatrack shim for floors from 15/32"-5/8" (12-16 mm)** thickness.

Material: Cold Roll Steel

Length: 94" Long

FOR USE WITH:

- T-Molding
- Reducer
- End Cap

Versatrack Shim

To be used with T-Molding in conjunction with the Versatrack for floors from 15/32"-45/64" (12-18 mm)* thickness and with Reducer & End Cap in conjunction with the Versatrack for floors from 15/32"-5/8" (12-16 mm)* thickness. Our Versatrack Shim was also designed to be used with our SlimTrim for floors up to 9.5 mm and our SlimCap for floors up to 12.7 mm.

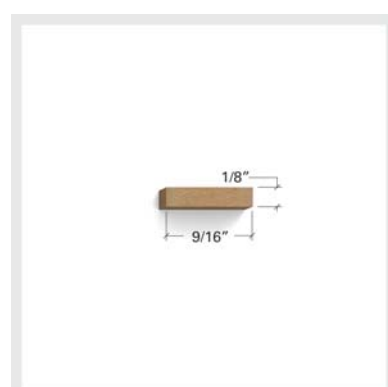

Material: Standard HDF

Length: 94" Long

1 Included with SlimTrim-P29 and 2 included with SlimTrim-P54

FOR USE WITH:

- T-Molding
- Reducer
- End Cap
- SlimTrim
- SlimCap

*All references to flooring thickness refer to the total thickness of all components of the floor installation being laid upon the subfloor. This typically is comprised of the flooring plank, e.g. Vinyl or Laminate, the underlayment, either attached or loose lay and any additional vapor barriers.

**For floors thicker than 45/64" (18 mm)* for T-Molding and 5/8" (16 mm)* for Reducer & End Cap, please contact our team of customer service representatives for assistance in choosing the right reducer molding for your project.

ACCESSORIES for Stair Solutions:

Versatrim Shim (VT Shim)

Used to raise the landing Stair Nose when used for 3/8-1/2" (9.5-12.7 mm) Flooring.

Material: MDF/HDF

Length: 94" Long

FOR USE WITH:

- Stair Nose

VT-VE(X)-Shims

This Versatrim shim is available for optional use with our Round Stair Nose molding (RSN) and VersaEdge for flush installations. We carry a variety of sizes to fit your needs, including Shim-5 for 5-7 mm* floors, Shim-8 for 8-10 mm floors*, and Shim-12 for 12 mm* floors.

Material: MDF/HDF

Length: 94" Long

FOR USE WITH:

- VersaEdge
- VersaEdge Extra Tall
- Round Stair Nose

Bullnose Shim

Our Bullnose Shim is to be used to install our Round Stair Nose molding (RSN), specifically on box staircases, to create a stabilized, rounded step.

Material: Standard MDF

Length: 94" Long

FOR USE WITH:

- Round Stair Nose

White TFL Stair Riser

Used to enhance stair landings. Our white stair risers come in white surface material. No need to paint it white. It is also paintable if you prefer another color.

Surface Material: High Quality TFL (Thermally Fused Laminate)

Core Material: Standard Particle Board

Thickness: Our risers come in 2 thicknesses: 3/8" and 5/8" thick

Length: Comes in 2 lengths: 46" and 96" long

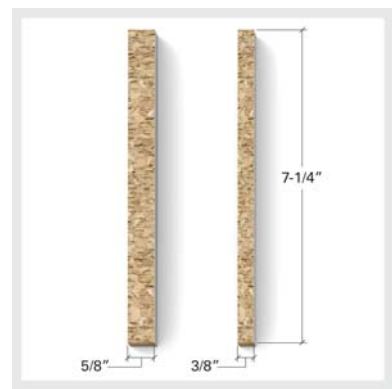

This product is excluded from our free shipping options.

46" Risers ship in bundles of 4 or individually with a VersaCap order.

96" Risers are sold by the pallet (min of 100 pcs.) and ship LTL only.

See VersaCap Bundle options on page 12.

We do not cut risers; we only sell as stock 46" and 96" lengths.

Product Details

ACCESSORIES for Installation:

BlueZone Perimeter Tape* - **NEW! In Stock!**

BlueZone outperforms traditional caulking methods. BlueZone applied around the perimeter of flooring installations will effectively seal the expansion area, preventing spills from damaging both the flooring and subfloor.

The ease of use encourages proper perimeter sealing, keeping your floor and subfloor safe for the life of the flooring with proven moisture-proofing technology against liquids, including pet urine.

BlueZone has been proven to be more effective than the standard silicone/backer rod process. Offering a lower cost and more consistent, easier application. Choose BlueZone for a reliable, efficient, and long-lasting flooring protection solution.

Material: Constructed from high-grade 6 mil polyethylene and a permanently tacky rubber adhesive

FOR USE WITH:

- All of our floor moldings and trims.

- Easy, clean application
- No special tools needed
- Low-temperature adherence
- Tear resistance
- Prevents moisture intrusion into floor expansion areas
- Low cost
- Bonds well to most surfaces

CalFlor Flooring Installation Kit with VersaBlock* - **NEW! In Stock!**

CalFlor® Installation Kit with VersaBlock® features quality products, designed to make your projects go smoothly.

The kit includes:

- 1 VersaBlock Tapping Block
- 1 Heavy Duty Steel Pull Bar
- 20 Stepped Spacers

FOR USE WITH:

- For Vinyl, Laminate, & Engineered Flooring

- Sturdy tapered steel pull bar to withstand many installs
- Stepped installation spacers are suitable for different expansion specs
- VersaBlock (Also available separately), features 3 different edges to work with multiple styles of flooring

VersaBlock* - **NEW! In Stock!**

VersaBlock is the perfect tool for all skill levels. Unlike regular tapping blocks that only accommodate one or two flooring edge profiles, the VersaBlock can handle thin, medium, and thick floors, ensuring perfect contact every time.

To maximize the utility of the tapping block features include a ruler, pencil holes for tracing wall curvature and creating straight lines, and a knife notch to help cut off flooring edges with ease.

FOR USE WITH:

- For Vinyl, Laminate, & Engineered Flooring

- Multi-use tool
- Easy Use
- Sturdy Material
- For use with wood, laminate and vinyl flooring products
- Buyer-friendly product minimizes the amount of tools needed on both current & future installs

Molding Adhesive by Versatrim*

The only molding adhesive you'll need! This wet-set, early-grab, 12-hour curing formula is low-odor and easy-to-clean, leaving no surface residue or ghosting, even once dried. It provides an excellent bond for moldings. Comes in a 10 oz. cartridge.

28 oz. Cartridge
COMING
SOON!

FOR USE WITH:

- All moldings, trim & stair solutions

- No Shrink Formula
- High Strength, Waterproof
- Extremely Low VOC
- Covers roughly 15-20 Lin. Ft. depending on application and bead size.
- No Surface Residue
- 12-Hour Cure Time

10-Inch Saw Blade*

Our high quality 10" Saw Blade is ideal for floor moldings and is designed for ultra smooth cross cutting on a table saw or miter saw. Blade work on all Versatrim products, including VersaCaps & VersaEdge Extra Tall (VEX).

FOR USE WITH:

- All moldings, trim & stair solutions

- Carbide Tipped for long life & smooth cuts
- 80 Teeth Alternate Bevel
- Wide range of use, including aluminum
- Blade can be sharpened
- Heat Resistant Non-Stick Coating for cleaner cuts

APPLICATIONS*

This is how the Versatrim molding covers 9/32-45/64" (7-18mm) Flooring. The answer to the problem is a program of moldings designed to work with a metal track.

End Cap, Reducer, and T-Molding

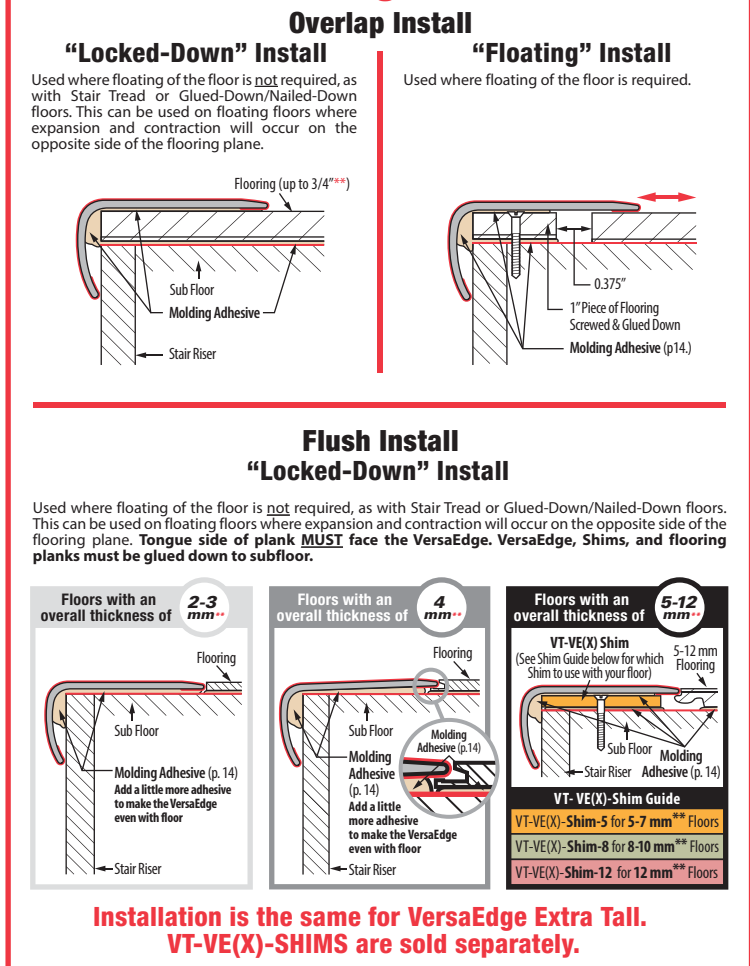

SlimCap (PVC End Cap)

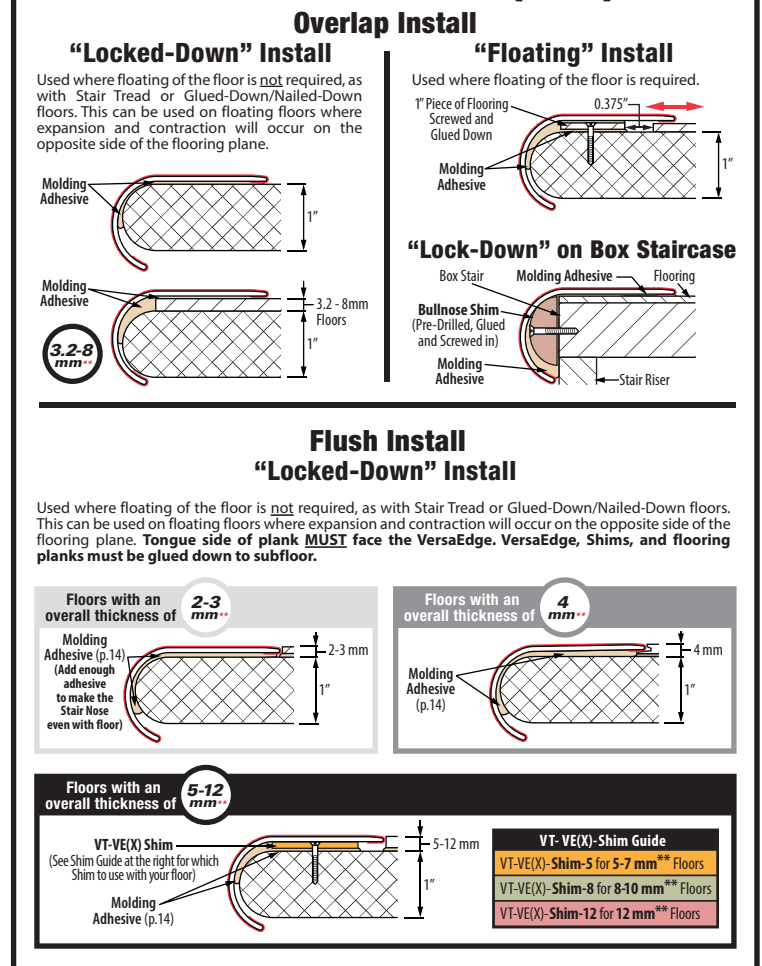

VersaEdge, VersaEdge Extra Tall, and Round Stair Nose (RSN)

VersaEdge and VersaEdge Extra Tall Stair Nose covers floors up to an overall thickness of 3/4" (19mm) and RSN covers floors up to an overall thickness of 12mm.

VersaEdge & VEX

Round Stair Nose (RSN)

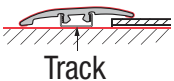

*The installation instructions shown on pages 19 & 20 are suggestions of how to install our moldings. Versatrim does not assume responsibility for any product failure or liability due to installations that are in violation of the flooring manufacturer's installation guidelines and/or warranties.
 **All references to flooring thickness refer to the total thickness of all components of the floor installation being laid upon the subfloor. This typically is comprised of the flooring plank, e.g. Vinyl or Laminate, the underlayment, either attached or loose lay and any additional vapor barriers.

MARKETING ASSISTANCE

Display Board

Our 12" x 42" display board features our moldings profiles: SlimTrim, SlimCap, VersaEdge, Versa Edge Extra Tall, Round Stair Nose, Moisture Proof Stair Nose, End Cap, Reducer, T-Molding, Quarter Round, Base Shoe, Wall Base & Colonial Base.

Standard Color Book

Our 3.75" x 8" color book fits conveniently in a pocket, drawer, or glove compartment and is handy any time you need to match our moldings to your floor. The book represents all standard stock colors.

Standard Molding Profile Chain

The Versatrim Sample Chain represents most of our molding profiles and accessories: Slim Track, VersaTrack Shim, Slim Cap, Slim Trim, VersaEdge, VersaEdge Extra Tall, Round Stair Nose, Quarter Round, End Cap, Reducer, T-Molding, Versatrack, Wall Base.

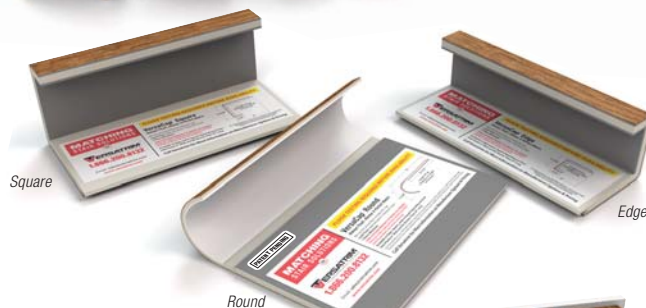

VersaFlex Profile Chain

The VersaFlex Profile Chain represents 6 out of our 8 flexible molding profiles: Corner Molding, Reducer, T-Molding, End Cap, Quarter Round, and Base Shoe. The Wall Base and Colonial Base are special order items that require longer lead times and are not included on the sample chain.

VersaCap 6 Inch Sample Piece

Our 6" long VersaCap sample pieces are easy to handle and are available in Edge, Square, and Round. On the bottom of each sample is a label with product specs and dimensions. Our VersaCaps match your floor perfectly, because they are made from the actual flooring.

VersaCap Handheld Display

Our 7" (w) x 7" (d) x 2.5" (h) Handheld VersaCap Display demonstrates how our VersaCap Square and Round will look installed.

Versatrim Tread Sample

Our 10" long Versatrim Tread sample pieces show off our new full tread stair solutions! They come in Round, Square and Edge. The branded tape on the top side of the tread is removed after actual full-size tread installation.

Free samples are for flooring businesses only.

SUSTAINABILITY

Sustainability

Embracing Green Practices for a Sustainable Future

At Versatrim, we are committed to making a positive impact on the environment and promoting sustainable development in the construction industry. We are excited to share with you our innovative solutions that not only enhance the aesthetics and functionality of your projects but also contribute to a greener and more sustainable future.

Eco-Friendly Materials

Our products are crafted using high-quality, environmentally friendly materials that are sourced responsibly. We prioritize the use of recycled and renewable materials, reducing our carbon footprint and minimizing waste.

Waste Reduction

We are dedicated to minimizing waste throughout our manufacturing process. By utilizing advanced production techniques and optimizing material usage, we significantly reduce waste generation. Our commitment to recycling cardboard and aluminum and repurposing further ensures that materials are diverted from landfills.

Longevity and Durability

Versatrim products are built to last, reducing the need for frequent replacements and minimizing waste generation over time. Our durable materials and expert craftsmanship ensure that your projects maintain their quality and appearance for years to come.

Join us in embracing sustainable development and making a positive impact on the environment. Together, we can create a greener future for generations to come.

FLOORING TRIM & MOLDINGS MADE IN THE USA

Versatrim proudly manufactures all flooring trims and moldings in the USA.

Since 1998 our company has been proudly making quality products in our manufacturing facility in Henderson, North Carolina.

Our entire team at Versatrim is dedicated to providing you with the very highest quality products by great service. We welcome the opportunity to serve you.

Thank you for considering Versatrim and supporting made in the U.S.A products.
